# Task 1 : Basic HTML Structure

**Task:** Create a simple HTML page with a header, a main content section, and a footer. Include a few paragraphs of text and a couple of images.

**Objective:** Familiarize with HTML elements and structure.

## HTML CODE

```
<!DOCTYPE html>
<html lang="en">
<head>
  <meta charset="UTF-8">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <link rel="stylesheet" href="css/style.css">
  <title>My First HTML Page</title>
</head>
<body>
  <header>
    <h1>Fairy Tales</h1>
    
  </header>
  <main>
    <section>
      <h2>INTRODUCTION</h2>
      <p>Lorem ipsum dolor, sit amet consectetur adipisicing elit.
Deleniti sint impedit ab assumenda qui autem voluptatibus repellat est modi
dolor libero facere saepe corporis, asperiores quisquam nemo incidunt debitis
officia!</p>
      <h2>Beauty of Fairy</h2>
      <p>Lorem ipsum dolor sit amet consectetur, adipisicing elitBeauty.
Dicta, perferendis accusantium, molestiae illum possimus nam, reiciendis eum
iure exercitationem autem debitis non! Deleniti corporis nobis voluptatem!
Ipsum quis ut ducimus.</p>
      
      
    </section>
  </main>
  <footer>
    <p>&copy; 2024 My Simple HTML Page. All rights reserved.</p>
  </footer>
</body>
```

</html>

## Task 2 : CSS Styling

**Task:** Style the previously created HTML page using CSS. Apply basic styles such as background color, font size, and margin/padding.

**Objective:** Learn basic CSS syntax and styling properties.

### CSS CODE

```
*{
  margin: 3px;
  padding: 1px;
  background-color: lightskyblue;
}
header{
  background-color: blueviolet;
  color: white;
  font-size: larger;
}
main h2{
  color: white;
  background-color: blueviolet;
}
footer p{
  text-align: center;
}
```

## Task 3 : Responsive Design

**Task:** Use media queries to adjust the layout of your HTML page for mobile devices (e.g., adjust font sizes and stack images vertically).

**Objective:** Understand responsive design principles and practice using media queries.

### Media Queries CODE

```
@media (max-width: 768px) {
  header {
    font-size: medium;
  }
}
```

```

    main h2 {
        font-size: larger;
    }

    img {
        display: block;
        margin: 0 auto;
        height: auto;
        max-width: 100%;
    }

    footer p {
        font-size: small;
    }
}
/* Media query for screens less than or equal to 771px */
@media only screen and (max-width: 771px) {
    header {
        text-align: center;
    }

    img {
        width: 100%; /* Make images responsive */
        height: auto; /* Maintain aspect ratio */
    }

    main {
        padding: 10px; /* Add padding for smaller screens */
    }
}

```

```

h1 {
    font-size: 24px; /* Adjust header size */
}

```

```

h2 {
    font-size: 20px; /* Adjust section header size */
}

```

```

p {
    font-size: 16px; /* Adjust paragraph text size */
}

```

```

/* Media query for screens less than or equal to 520px */
@media only screen and (max-height: 520px) {
    header img {
        height: 200px; /* Reduce image size */
    }
}

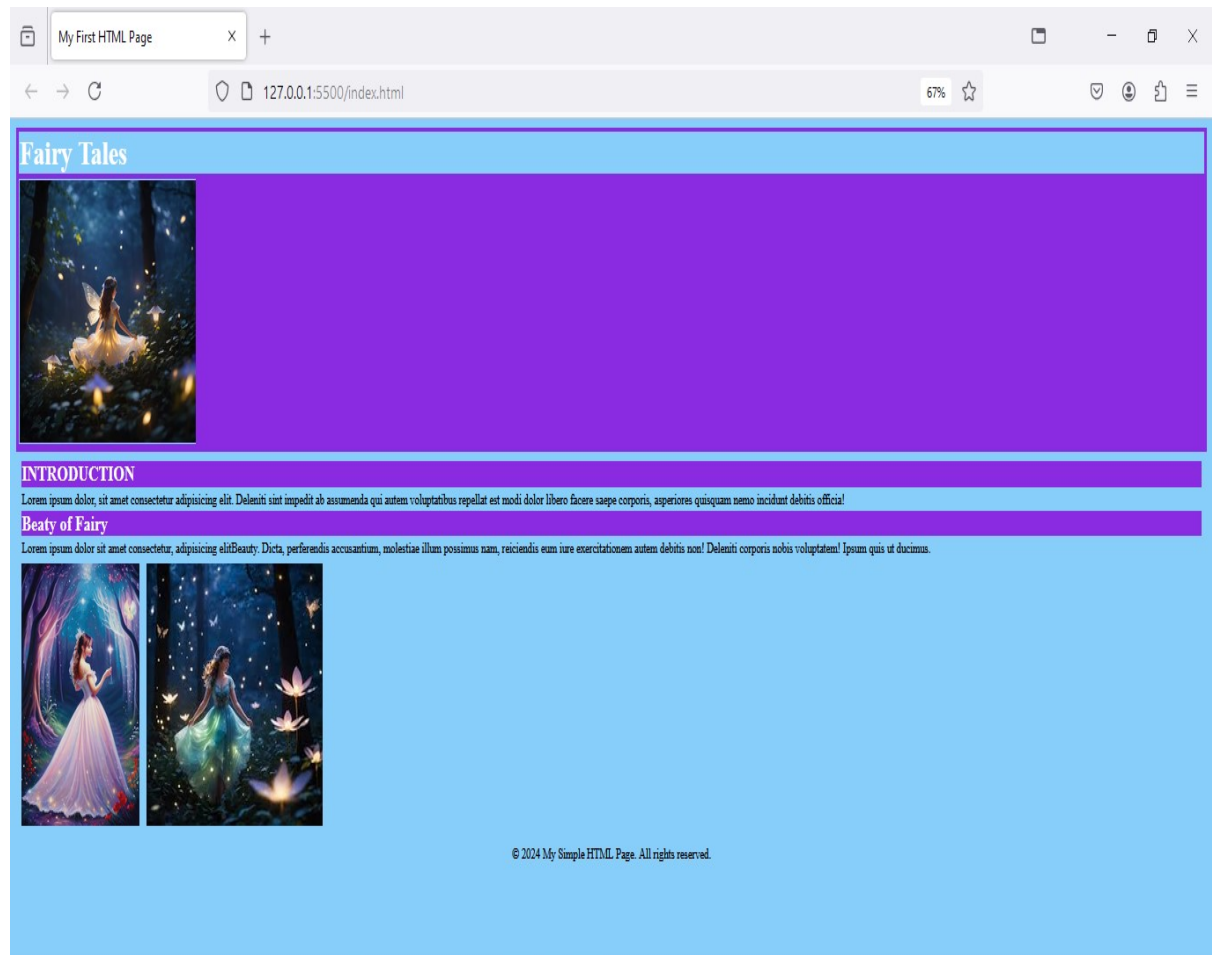

```

```
h1 {  
    font-size: 20px; /* Further reduce header size */  
}
```

```
h2 {  
    font-size: 18px; /* Further reduce section header size */  
}
```

```
p {  
    font-size: 14px; /* Further reduce paragraph text size */  
}
```
